About This Game

Schoolgirls fight aliens with the power of **science**!

When an alien invasion targets a private school after hours, only the members of the Science Club stand ready to defend their homeworld from the leafy menace. Gather up your team of specialists and face off against monsters in classic console turn-based combat. Your journey will take you through time, space, and paradox to alien worlds and beyond.

Features:

- Blowing things up with physics and chemistry
- Choice of skills to raise, to customise characters as you prefer
- Three difficulty levels for those who hate stress or enjoy a challenge

-
- Swap active combat characters at any time
 - All characters in party gain experience
 - Light-hearted storyline (with a few geeky jokes)

Title: Science Girls

MENU

Yeah...didn't finish this. Really anime premise, very simple combat, but the thing that actually stopped me from playing was just bad UI. I might have just gotten through the whole game if the buttons didn't constantly not work, and they were assigned very counter-intuitively. I'm not normally all the picky about this kind of stuff but here it was so bad it was an immediate problem that I could just never adapt to.
