[What Is Facebook S Legacy Account And How To Add It](#)

What is a legacy contact?

A legacy contact is someone you choose to look after your account if it's memorialized. Once your account is memorialized, your legacy contact will have the option to do things like:

- Write a pinned post for your profile (ex: to share a final message on your behalf or provide information about a memorial service)
- Respond to new friend requests (ex: old friends or family members who weren't yet on Facebook)
- Update your profile picture and cover photo

You also have the option to allow your legacy contact to download a copy of what you've shared on Facebook, and we may add additional capabilities for legacy contacts in the future.

Your legacy contact can't:

- Log into your account
- Remove or change past posts, photos and other things shared on your Timeline
- Read messages you've sent to other friends
- Remove any of your friends

Learn more about memorialization and how to add a legacy contact to your account.

If you're a legacy contact, learn how to manage a memorialized profile.

Note: You must be 18 or older to select a legacy contact.
